(Designation) President, District Board, Bellary.

To The Secretary to the Government of Madras,

Revenue- Department.
Port Saint George, M a d r a s.

In their order No. Ms. 2179 Revenue (Confdl) dated 6-10-36, the Government have ordered that a sum of Rs. 2000/- be recovered from the District Board, Bellary towards the cost of surveying the lands measuring 347-02 acres taken up in this district during 1932 for road works before the opening of test works in order to provide employment for unskilled labourers. This subject was placed before the Board for consideration and it was resolved to request the Government to waive the recovery of the cost. A copy of the District Board Resolution No. 8(a) dated 19-12-36 is enclosed.

2. Public works to provide employment to unskilled labourers during the season were entrusted to the District

District Board and the works were subsequently continued by the Government. The lands taken up for the roads formed by the Government agency are being surveyed and the establishment charges and etc., are recognized as legitimate charge on the Government. There is no reason why the District Board is considered liable to pay towards the cost of surveying the above lands though the board was practically the agent of the Government to start the works subsequently taken over and completed by them.

3. The financial condition of the Board is very unsatisfactory and an advance of Rs.23900/- was taken up from Government to cover the deficit. The present circumstances of the Board do not admit of the payment of Rs.2000/- not only in the current official year but even some future years to come.

In the circumstances explained above, I request that the Government may be pleased to waive the recovery of Rs.2000/- as a special case and communicate the orders at an early date. If under any financial canons such a recovery is imperative an equal amount may be subsidized ~~taxes~~ from the Provincial Funds for the specific purpose of meeting the demand.

I have the honour to be

Sir,

Your most Obedient servant,

PROCEEDINGS OF THE DISTRICT BOARD BELLARY.
Dated.19-12-36.

Sir,

May I invite a kind reference of the Government
to this Office letter Ref.C.No.2664/36 dated 12th January, 1937
requesting to waive the recovery of Rs.2000/- being the
Survey charges of certain road works laid during the famine
of 1932 and I request that the Government may be pleased to
pass orders and communicate to me at an early date as the
Collector of Bellary is pressing me for the payment of the
amount.

Please see the letter from the
P.D.B. Bellary on pp 1-2 of

2 Owing to the unfavourable
season in the Bellary dt during the
year 1932, a number of road works were
undertaken to provide employment for
unskilled labourers in the district. In
the earlier stages the works were managed
by the District Board Bellary as part of the
scheme for expansion of ordinary works.
As the distress continued, the works
were closed as D.F. works and some
of them ^{were} restarted as F.W. works under
the Famine Code. The roads were
partly run through private lands
but the previous consent of the owners
was not obtained in some cases.

In No 2130 Revd of 23-4-33, the
Board issued orders for regularising
the occupation.

3 It was recognised that the
land, taken up for the roads should
be surveyed ^{in order} to ascertain the
extent under each holding covered
by the road. The Board was accordingly
requested to instruct the Collector
to expedite the survey of these lands
and it was ordered that the cost
of the survey should be borne by the
Board in the first instance, the
question of recovering any portion
from the District Board being determined
later on.

4 In the letter on Pt 1-2 of No 2179 Rev
-1036, the Collector of Bellary reported
that the total cost of the special staff
employed for the survey of the lands
taken up for the roads was Rs 3546-6-
He also reported that the

~~The extent~~ extent of lands taken up ^{was}
follows: —

(I) Extent taken before starting test works 347-62

(II) Extent taken after starting test works 268-82

DPD 616-44

The Collector recommended that
~~the cost was apportioned~~

~~the Board might be asked to pay~~
the charges might be apportioned between

the District Board and the Govt. in proportion to the extent of the lands taken before starting the test works and the extent taken after the starting of the test works, ~~the~~ ^{not being} ~~the~~ Govt. ~~not being~~ concerned with the works ~~done~~ undertaken before the test stage.

At this rate the amount that should be recovered from the D1-Board came ~~to~~ to Rs 1999-14-3 or Rs 2000/- Roundly. This was ordered to be recovered from the D1-Board, Bellary - 11-11-12 & the order of 11-19-20 of 2174 Re. 86.10/2

5. For the reasons stated in his letter on 11-1-25, the P.D.B., Bellary requests that the recovery of this amount might be waived. His letter has not been sent through the Collector of Bellary or the Board of P.D.B. His request may be repeated - ^{unless it} ~~is~~ is considered necessary to make H.B.'s remarks on the letter.

6. As an alternative, the P.D.B., Bellary requests that - if the recovery is imperative an equal amount may be subsidised from the Provincial funds. This is for the 2259 Re. for consideration.

was unable to provide funds. The St Board was given grants amounting in all to Rs 1,60,000 on the post-payment system for executing the ^{road} works & provide employment for unskilled ^{labourers} - phase see details in para 4 at pp 4-5 of (A)

2] As far as I can gather from the papers, the Collyer asked the P.D.B. to take up road works & promised to recommend to the Govt that the whole or part of the expenditure ~~with~~ should be paid by means of Govt grants. The "expenditure" obviously refers to the cost of formation of some roads & of repairs to others. The Govt paid Rs 1,60,000, "for executing the road works". [Vide pp 4-5 of A.O. 375 Revd 18.2.33.] There is nothing on record to indicate that the Collector ^{in the Govt} promised that the cost of the survey would be borne by the Govt.

2] Apart from this, the papers show that the St Board wanted these lands. Govt gave grants for the formation of the roads & repairs to some others. The St Bd did not give up these roads but actually took them over and wanted to maintain

and it is expected ~~to~~ ~~provide~~ roads
maintain them. To the circumstances
were special the Govt gave grants for
the actual laying out of the roads but
the St Bd wants to kill the goose which
lays golden eggs. In as much as the
Board has to pay for the acquisition of
the lands it has to pay for the
survey as well. There is no reason
why the Govt should bear the whole or
any portion of the cost of survey.

The Bd. Rd. had proposed to meet the cost of survey from the 4:45, 2002 fund. This has been accepted by the Bd. of Rs. 10000.00. The Bd. Rd. might be able to get 2000 from 4:45 2002. The present deficit of the Bd. Rd. is Rs. 10000.00.

According to the Budget Estimate of the District Bd. for 1906-07 the general Account for 1906-07 was expected to close with a large deficit and in G.O. No. 4863 L.S.S. dated 7-11-06 the District Bd. was given an advance of Rs. 23,900 to meet the deficit. The present deficit is due to the fact that the District Bd. had to meet the liabilities of the Taluk boards. In future years the Bd. will have no difficulty in presenting balanced budget and according to the budget the ordinary receipts exceed the ordinary expenditures by Rs. 6,823.

In No 2179 Rev Comptd
6.10.36, the Govt ordered
that a sum of Rs 2000/-
(Two thousand only) should be
recovered from the P. D. B.
Bellary towards the cost
of surveying the lands measured
247.62 acres taken up in
that district during 1932 for
road works before the opening
of the works in order to
provide employment for un-
skilled labourers.

2. The P. D. B. Bellary has
now forwarded a resolution of

the District Board, Bellary
requesting that the recovery
of this amount ~~should~~ ^{may} be
waived as the Board is not in
a position to pay the amount.

~~and he has requested that the
recovery may be waived as~~

~~special case. He has added~~

He requests ^{can be} for
that if the recovery ~~is imperative~~
a subsidy of

an equal amount may be

^{granted}
~~subsidized~~ from the Provincial
to enable the Bd to meet the
ends ~~for meeting~~ the demand.

The Govt are not prepared
to sanction the waiver of
the recovery already ordered.

In view however, of the
poor financial position
of the District Board, the Govt
advise the District Board
to pay this amount in
the next year, 1937-38
